

## CHES-MONT LEAGUE ANNOUNCES LAUNCH OF WEBSITE

The Ches-Mont League principals, athletic directors and participating high schools proudly announce the launch of a Ches-Mont League athletics website.

The site- [www.chesmontleague.com](http://www.chesmontleague.com) -- will feature stories, scores, statistics, information for the 14 member schools of the league. Each school will have its own webpage as will each sport played in the league. Team information outside of results will include articles, coaching staffs, school records, etc.

The sports pages will also include the same information plus standings. There are also pages dedicated to league history, results of games plus composite and individual school schedules. Future plans call for addition of information on league alumni competing in the collegiate and professional ranks, among other enhancements.

The Ches-Mont League consists of two divisions. The National Division includes Avon Grove, Bishop Shanahan, Coatesville, Downingtown East, Downingtown West, West Chester East and West Chester Henderson. The American Division is comprised of Great Valley, Kennett, Unionville, Sun Valley, Octorara, Oxford and West Chester Rustin.

Along with the launch of the website, the Ches-Mont League has also introduced weekly Athletes of The Week. One male and one female athlete will be selected for both the American and National divisions for their achievements. The selections will be released each Sunday.
